

TECH GROW

VET training on technological watch

OBJECTIVE

Improving the understanding and implementation of technology watch processes among traditional manufacturing companies, specifically in the furniture, textile, and footwear sectors.

EXPECTED OUTCOMES

1 Infographics on information audit for the selected sectors and a methodological guide to facilitate transfer to other industrial sectors.

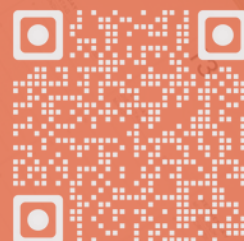

3 Implementation of a systematic technology watch process that will showcase results through digital platforms.

2 Educational resources on technology watch, tailored to the manufacturing industry sectors, and available to anyone interested.

4 Guide with recommendations for offering professional training courses in technology watch by any interested organization.
